RENT REMINDER

Rent is due on the 1st of each month. If rent is not paid by the end of day on the 3rd of the month (even if we're closed), a late fee equal to 10% will be added to your balance. An additional \$50 late fee is applied if your balance has not been paid by the 10th of the month.

Please Note: We do not bill you each month for rent. You are responsible for making payments on time.

PAYMENT METHODS

Checks, Money Orders and Cashier Checks are accepted in the office.

You can pay your rent and any balance online at SpyglassApts.com or mobile app with an eCheck, Mastercard, Visa or Discover. *(There is a convenience fee for credit cards and a small \$1 fee for eCheck)*

HOW TO PAY ONLINE

Click "Resident Login" on SpyglassApts.com and login or register. If you're having trouble registering, please contact the office.

In order to make a payment, you'll first need to store a payment method. Once you set this up, you won't have to for future payments. After you have a payment method stored, you'll be able to click "Make a Payment" from the main screen.

Note: *Upcoming rent due may not always be reflected in the balance. Contact the office for any balance inquiries.*

SPYGLASS NEWS

We frequently text updates or email to inform you of outstanding balances, upcoming events, current issues and concerns. Please read these notices so that you have the most up-to-date information available. Make sure you add SpyglassApts@CMCApt.com to your safe senders.

CONTACT INFORMATION

You are responsible for providing accurate phone numbers and email addresses to office staff at all times during the lease term. In order to receive text messages and emails, all contact information needs to be up-to-date.

PEST CONTROL

Our pest control service is on-site Friday mornings. If you should require pest control in your apartment, please let the office staff know as soon as possible. Should you have any further questions or concerns, please let us know.

TRASH

Help keep our community clean! We use a trash compactor at our community and encourage you to press the green start button after each visit. This will prevent the compactor from getting jammed and reduce overflow. We also offer on-site recycling for cardboard and paper/plastic products in an assigned recycling dumpster nearby.

MAIL AND PACKAGES

Mailboxes are shared by all roommates (one per apartment).

We do **NOT** accept packages in the office on your behalf.

Incoming mail must have a current resident's name and correct apartment number or it may be returned to sender.

INSURANCE

Please note that your lease requires that you carry renter's insurance with liability and personal content coverage your entire lease term. If it is canceled at any time of your lease, you will be subject to pay additional fees.

CAUTION FIRE HAZARD

Do not place cardboard boxes on top of your stove! Even if you believe that your burners are off, knobs can accidentally be turned and a fire can quickly ignite in your kitchen.

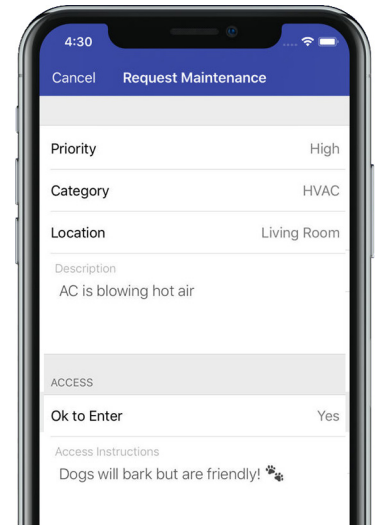

MAINTENANCE INFORMATION

We urge you to put in maintenance requests as soon as you realize a repair is needed. Requests can be put in online, by mobile app or by calling the office. Our maintenance team is available Monday through Friday until 4:30 p.m. Most maintenance requests are taken care of within 24 to 48 hours.

Please call (352) 373-6330 or our after hours number (352) 505-6966 if you have an emergency so we can address it immediately:

- » Floods
- » Water leaks (**MUST BE REPORTED IMMEDIATELY**)
- » Non-operational toilets when only one toilet is available
- » A/C units not cooling when outside temperature is 75+ degrees
- » Refrigerator is not cooling

HELPFUL WORK ORDER TIPS

Electrical Issues

- First, check your breakers. If the outlet(s) in kitchen or the bathroom is out, then press the reset button on one of the G.F.I. outlets (located in kitchen and in one of the bathrooms).

Garbage Disposal

- Run water in the disposal while it is operating.
- If it is not working, try pressing the reset button located under or on the side of the disposal
The reset button is a red square button (call maintenance if that doesn't work).
- Do **NOT** use Drano or any other chemical drain cleaner.
- The following items are **NEVER** to be placed in the garbage disposal: egg shells, potato peels, bones, pasta noodles, fruit peelings, cooked rice, coins, utensils, plastic, glass or bottle caps. **PLEASE** be very limited to the items placed in your garbage disposal as the disposals are not industrial strength.

Dishwasher

- Check the garbage disposal to see if it is full of food (could cause issues for dishwasher).
- If leaking: Did you use the correct dishwashing soap?
- Please do **NOT** use liquid detergent (i.e., Dawn, Joy, etc.).

Toilet

- We recommend purchasing a plunger.
- If the toilet is overflowing, turn the water off (the handle is located on the wall below the toilet – twisty-knob).
- Please do **NOT** put female or male products in the toilet.
- Please do **NOT** put paper towels in the toilet.
- If the toilet is running constantly, it generally means that the flapper is not dropping down as it should. Carefully shake the toilet handle a few times to see if you can help the flapper drop. If that does not work, please contact the office.

MAINTENANCE INFORMATION

Bathtub/Sink

- If tub/sink is not draining properly, please contact the office. Do **NOT** use Drano.

Heating & Cooling Systems

- Make sure the heat/cool setting is on AUTO.
- Make sure the A/C filter is clean. Please note that apartments with pets require more frequent filter changes. A/C filters are available in the office.
- If the A/C is frozen, turn the system off and turn the fan on. **Call office immediately.**
- If you smell some smoke when turning on the heat, keep heat on to burn off the dust that is on the heat strips. If smell persists for long period of time, please turn heat off and call the office.

Ceiling Fans

- If the ceiling fan and/or light will not come on, please check to be sure that the pull chain is turned on and a light bulb is in the fixture.
- Please do **NOT** put any type of stickers on ceiling fan blades, because they throw the fan off balance.

Washer

- Do **NOT** overload with clothes. They will **NOT** come clean, and it will throw the washer off balance.
- Washing your clothes in **COLD** water will save energy.
- Unfortunately, the units are not big enough for comforters, so **PLEASE do not** wash your bed comforters in the washing machines.

Dryer

- Clean lint filter **after every load**. Not only is it a fire hazard, if the lint trap is not cleaned, it can cause the drying time of your next load of laundry to be as much as 3x longer!

TIPS FOR KEEPING YOUR UTILITY BILL LOW

Summer Months

- Set thermostat at 76 degrees or higher.
- Setting the thermostat to the lowest setting does not cool your home any faster.
- Use ceiling fans and set thermostat 2 to 3 degrees higher.
- Shade the east-west facing windows from the sun.
- Keep windows and doors tightly shut when using the air conditioner.

Winter Months

- Set your thermostat at 68 degrees or lower during the day.
- Lower your thermostat 5+ degrees at night.
- Setting the thermostat higher does not heat your home any faster.
- Keep your blinds or curtains open on sunny windows and close them at night.

PET RULES & INFORMATION

Below are some simple tips for pet owners:

- Pets are not permitted unless approved in advance by the office. Please stop by to sign a pet lease and pay the applicable security deposit and pet rent. Any pets not pre-approved by the office with applicable pet lease will incur double fees.
- Please keep any dog, cat or authorized pet allowed on a leash at all times that the pet is outside your apartment or the dog park. Please remember that this is not only a community rule but is an Alachua County Ordinance: *"A dog owner has a duty under Section 72.12 to maintain "physical control" of the dog when the dog is off the owner's property. Off the owner's property includes streets, parks, public property, and private property of others."*
- Do **NOT** leave any pet(s) tied outside of your apartment in any common area, such as walkways, stairwells, courtyards, patios and balconies, etc.
- Pets should only be walked in designated areas. Please be considerate of other residents and do not interfere with others' enjoyment of the premises.
- Please pick up after your pets. Let's face it, there's nothing fun about stepping in poop. Please do not allow your pets to defecate on the streets or sidewalks.

Don't forget to stop by and enjoy the dog park and dog wash!

ADDING DEVICES TO YOUR WI-FI

You'll receive an email that has instructions and links to setup your personal wifi. You'll need to follow these instructions and add each device that you want to have access to the Wi-Fi. We suggest printing or saving that email for future reference.

1. Connect to the public "Spyglass Apartments Wi-Fi"
2. Click the Epproach Resident Portal link from the email and login.
3. Scroll to the bottom of the portal homepage and click "Register a Device".
4. Select "Add a Custom Device" for each device you want to be connected.
5. Name each device and enter their MAC Address.
6. Repeat steps 4 and 5 for as many devices as you'd like to enter.
7. Connect your device to your apartment's wifi using the password provided in the email.

The MAC address is a set of numbers and letters formatted 11:A1:11:1A:A1:11 and is unique to each device. This address can usually be found in the wifi settings of each device. If you have an iPhone, the MAC address can be found by going to the Settings app, then selecting General > About and it is listed under Wi-Fi Address. For Android, you can go to Settings > About > Status and it is listed under Wi-Fi MAC Address.

Note: Passwords for the Epproach Resident Portal and Wi-Fi Networks are unable to be changed. Residents should save the original email as this has both passwords provided in it.
